

Q4 Do people ever ask you about the Creek? 56 replies:

Often	Sometimes	Never
3	23	30

Q4, part 2: What are the common questions which people ask about the Creek?

Directions, what's happening on the Creek, the bridge & mud, Standard Quay and developments, where, working, can we eat there? Where is it? Where, how far, what's the best bit, how to get there, facilities, history, nice walks, maps, where is it? Where is it? Business related, local services, opticians (!), where is it, what happens there? where is the creek? where is it? where is it? where is it? location, where is it? directions, directions, where is it? where's the creek, how to get there? location, where is it? where is it? where's the beach, where's the boats? where is it?

Q5 What effect would the following have on your business:

Possible developments	Good	Bad	No difference	Don't know	No of replies
More visitor attractions on the creek bringing more people into the town	46	1	11	11	69
More houses & flats on the Creekside bringing more residents to the town	32	15	11	12	70
More events on the Creek, eg festivals, open days, boat trips	47	2	13	10	72
More shops, cafes, restaurants on the Creek, eg Standard Quay?	24	23	11	15	73

Comments on visitor attractions:

Depends on parking - should be in town centre, Hop festival, has to be the right sort of attraction, for business, who knows?

Comments on houses and flats:

Have enough; only if it has no adverse effect and helps to preserve the creek, more business, who knows?

Comments on Creekside events:

Boat trips, shuttle bus for elderly, good for the town but not for business on the actual day, would like events at the top end of Preston Street, boat trips is a brilliant idea,

Comments on shops and cafes on the Creekside:

Good for business but personally against, have enough, enuf! Have enough, need fewer, need nautical shops & sailing workshops, encourage people of all ages and visitors, arts and crafts stalls; enough cafes in the town already + restaurants, more traditional industry needs to be brought back eg boat-building/barges etc to make the creek more interesting to the public. Depends. Apart from gift and card shops!

Q6 Has the Council asked you about any of this as part of the Neighbourhood Plan consultation?

Yes	No	Not sure	No of replies
1	60	10	71

Comments on the survey as a whole: The Creek is one of Faversham's main attractions. The Council don't listen to us - ie. road closure in the town.
